

# FOR IMMEDIATE RELEASE

---

## TITLE: Silent Chamber

### SUMMARY:

*Silent Chamber* is a first-person psychological horror adventure about stealth, survival, and the search for lost relics hidden within nightmarish locations and ancient depths.

Players take on the role of **Kate**, a woman bound by a dark bargain that leads her into places no living soul should ever tread. In return for supernatural favors, Kate must recover **forbidden relics** concealed within **abandoned estates** and **forgotten buildings**—each harboring an ancient magic sought by a **mysterious wizard** whose true motives remain hidden.

Her journey descends into a **hellish underworld** where reality fractures and something precious waits to be saved. But nothing there is what it seems, and no one returns from this place unchanged.

---

### GAMEPLAY:

Explore haunted environments, uncover cryptic clues, and solve ritual-based puzzles.

Use silence and stealth to survive what hunts in the dark—every step, every breath, can give you away.

Collect relics, read forgotten journals, and uncover the dark histories of the places you explore and the beings that inhabit them.

---

### WHAT AWAITS YOU:

- Traverse oppressive environments steeped in decay, occult symbols, and forbidden rituals.
- Encounter mysterious characters with hidden motives and unsettling truths.
- Face demonic entities, ferocious monsters, and shapeshifting mimics lurking in the shadows.

- Uncover rivalries between ancient wizards and the forces they once tried to control.
  - Experience a world suffused with dread and the lingering sense of being watched.
- 

## SHORT DESCRIPTION:

A first-person psychological horror adventure where survival depends on silence and stealth. Explore cursed places, uncover lost relics, and navigate a decaying underworld of ancient chambers.

Every step echoes, and fear has no exit.

---

## KEY FEATURES:

- Stealth and sound-based survival — every step and breath can betray you.
  - Solve ritual puzzles tied to ancient magic.
  - Explore haunted estates and forgotten underground chambers.
  - Discover branching endings shaped by your choices.
  - Fully localized into 12 languages.
- 

## AVAILABLE ON:

PC (Steam, Epic Games)

*Full release planned for Halloween 2026*

---

## DEVELOPER:

**Sumonux Games LLC** — Independent studio based in Texas, USA.
